

The Recovery Connections Culture

- ✚ We show deep reverence for this place and for all who seek sanctuary here.
- ✚ We share the lessons we learn here with others, not the details we learn about others. Maintain confidentiality.
- ✚ We try to limit the ways our behaviors trigger others' addictions. Therefore, we discourage smoking around our center. (25 feet from our entrances)
- ✚ We take responsibility for our own belongings and come to this place with only what we need. You will not need drugs, alcohol, or weapons. You may need a pen, and that is mightier than the sword anyway.
- ✚ We understand the struggle is real. Please do not come under the influence, but if you do, reach out to one of us and we will help in any way we can.
- ✚ We encourage connections. Please remember we are all in different phases of wellness & it is important to set boundaries.
- ✚ We seek to leave all places better than we found them. That goes for here too.
- ✚ We use language that is uplifting and forward moving. If you have something unkind to say, please use kind words to say it.
- ✚ We respect the many paths people take to recovery. Be open to hearing the opinions of others in what works for their recovery.
- ✚ We come to this place with the intention of being safe, heard, and well.
- ✚ We let the outside world exist outside of these walls. Please limit cell phone use to your time away from here.
- ✚ We reserve the right to reflect to you how your behavior may be impacting this culture. Together we will seek out a solution to maintain wellness for everyone.
- ✚ We welcome everyone: First timer, Old timer, and those who disappeared for a while & are now back.

- ✚ We are just happy to see you.
